PROFILE

Hi! I'm a fresh Computer Science graduate from the University of Helsinki, looking for my first full-time frontend and UI role. Years in network, service and customer support work taught me to explain tech in plain language and keep things running smoothly — now I want to build interfaces people genuinely enjoy using.

WORK EXPERIENCE

Network Trainee May 2023 – Present
Finavia Oyj, Vantaa

- Configure and maintain enterprise networking equipment and services.
- Provide responsive customer support and translate technical issues for non-technical users.

Service Supervisor Jun 2019 – Oct 2022
